

Students Feedback Report

I. Reason for selecting the College

The College collected feedback from the students on their decision to select the Course/College for their higher studies. For this purpose the opinion of the students on six factors was elicited. The six factors are Interest in the Subject, Ease of Getting Admission, and Reputation of the Department Job Opportunities, Influence of Parents / School Teachers / Friends and Nearness to the College. The opinion of the students was anchored on a 6 point scale. 'Interest in the subject' (mean = 4.7) was identified as the main reason for their selection. Reputation of the teachers was identified as the second. It is clear from the table that the role of influence of parents, school teachers and friends is negligible as the mean value is less than 3.
