

Report on Alumni Feedback 2016-17

The feedback of the alumni indicates that the College is doing an excellent job to realise its vision and mission. The alumni consisting of 231 members, were prompt to give their opinion to the questions for feedback. They were proud to say that the College was one of the main forces to mould their life and achieve a successful life. The curricular and co-curricular performance are highly remarkable and they opined that the College could act as a centre of higher education and has the potential for excellence. The evaluation of the feedback is attached below.

The analysis given above reveals that the students' community have been greatly benefitted by the College to land a job and to make their life safe and secure with uprightness and honesty in life. Many of them got the urge for higher studies from this institution and a considerable number of them have become college and school teachers. A good number of the alumni are interested to send their relatives to this institution for higher education. There was a positive sign from the alumni to be the members of the Alumni Association of the College as they are keen to be the part of the social and cultural endeavours of the institution. They expressed their willingness to help and motivate the students of the College to meet new challenges in higher education and materialise their goals of life.
