Suggestions to equip us/adapt with the latest developments in education sector

12 responses

Arrangements should be done to have more common spaces for student interaction. Highlight the distinctive features of the college. Occasionally give chances to wear colour dresses. Festivals should be made as colourful as possible. Involvement of maximum teachers should be facilitated in accreditation process. Arrangements should be done to collect data of activities and achievements regularly.

Arrange more skill development programmes to students and teachers.

Suggestion:

Encouraging Faculty Research and Timely Documentation

To further enhance the academic standing of our institution, it is recommended that a systematic approach be adopted to encourage faculty members' involvement in research and the timely documentation of important materials. This can be achieved through the following measures:

I. Research Publication Responsibility:

1. Each teacher should be encouraged to actively engage in research activities and contribute to their respective fields.
